HOBBIES

I play varsity baseball for my high school (Left handed starting pitcher and outfield). I also am a big member in High School Rodeo and compete in Team Roping with my sister Maggie, Tie-down Roping, and my favorite event, Steer Wrestling. In addition, I like to do woodworking. Whenever someone on my team breaks a wood bat I take it home and make things. So far I've made benches, containers, stands, and even a checker board.

FUTURE PLANS

Next year I would like to attend California Polytechnic State University for a degree in Bio-Resource and Agricultural Engineering (BRAE). In college I wish to continue my rodeo career and hopefully transfer that into professional rodeo with the Professional Cowboys Rodeo Association (PRCA).

The BNYSSA offers youth cash awards, camaraderie, travel, introductions to national shooting sports celebrities and career opportunities.
