Achieve Early College High School

SHOOTING DISCIPLINE

- » .22 Pistol
- » .22 Rifle Optic
- » .22 Rifle Iron
- » 1911 Pistol
- » PCC

SHOOTING EXPERIENCE

I began shooting competitively at 10 years old with the team I am currently with the South Texas Shooters. I have been shooting with them for the past five years and in that time I have been named the TSRA HOA (Texas State Champion) in .22 Pistol. The SASP HOA (Texas State Champion) in .22 pistol as well, and was later named the SASP 2018 HOA (national champion) in JV .22 pistol, .22 rifle optic, and 1911. Within that same year at nationals my Squads were also named National Champions in all three disciplines.

HOBBIES

I am involved in a strength and conditioning program at our local university UTRGV, where in my first year I was the focal point of an article that was published in a peer review journal

all about the strength and conditioning necessities of a youth shooter. I train 4 days a week in that, and the days that I am not training I am lesson planning for the class of little ones that I teach at church. Aside from that in the free time that I am left with I am also involved in my school's theatre program doing either tech work or acting.

FUTURE PLANS

My ideal plan for my future would be to first graduate from High School with my Associates degree. After that I would love to be able to become a professional shooter and travel the world teaching people all about the shooting sports and being able to help new or up and coming youth shooters master their craft. Should that not work out I would love to go to UTSA and major in education with a minor in foreign languages and start my career as an ESL teacher.

The National Youth Shooting Sports Ambassador program offers youth camaraderie, travel, introductions to national shooting sports celebrities and other opportunities. For more information please visit: **youthambassadors.nra.org**
